

Total Quality. Assured.

Certificate of Analysis

Sterlitamak Petrochemical Plant, OJSC, 10, Tekhnicheskaya ul.,
Sterlitamak, Bashkortostan Republic, 453110

Laboratory Report ID : RDM17-014593.201709261049
Our Reference Number : NE700-

Sample ID	: 17-014593-0-RDAM-001-00	Date Taken	: 22-Sep-2017
Product	: Avgas B91/115	Drawn by	: Client
Client Reference	: AROT170412	Date Submitted	: 22-Sep-2017
Submitted sample		Date Tested	: 25-Sep-2017
Representing	: 1012-2015		

Method	Test	Spec Limit	Result	Units
ASTM D909	Octane nr. Supercharge Meth.	min. 115	115.8	

Sampling location : Sterlitamak Petrochemical Plant, OJSC, Reservoir No. 26
Sample container : > 250 ml
Sampling Procedure : Standard
Remarks : -
This certificate has been authorised by: Goksel Erdogan on Monday, September 25, 2017

Precision complies with the reference method. The analytical report is issued in the name and for account of the principal who recognizes that this report purely represents the situation at a given moment. The principal commits himself to disclose each time the complete report and not parts of the report. Fax and E-mail copies have no legal force. The report can only be used within the specific context of the order and is only valid for the samples and for the company that gave the order. All relations between Intertek Nederland B.V. and its Principals will be governed by the latest version of the General Conditions of Intertek Nederland B.V., filed of record with the Registry of the District Court at Rotterdam, which will be forwarded free of charge upon first request. Intertek Nederland B.V. explicitly rejects applicability of any general conditions applied by it's Principals.
